**If together we could take action on one thing to strengthen our community, what would be important to you?**

<input type="checkbox"/>	Listen to our residents; give them a voice
<input type="checkbox"/>	15 MPH – slow down traffic to preserve character
<input type="checkbox"/>	Pine Street needs speed limit repair and we need more signage
<input type="checkbox"/>	“Preserve” quality of life here, our natural resources and community feel
<input type="checkbox"/>	Telephone pole removal
<input type="checkbox"/>	Reroute Avangrid wind off Main Street to preserve trees
<input type="checkbox"/>	Speed cameras and speed tables at crosswalks
<input type="checkbox"/>	Community engagement and involvement
<input type="checkbox"/>	Establish center/hub of Centerville here at and around the recreation building – add street lights, etc.
<input type="checkbox"/>	Better communication between Boards/Committees/Commissions and understanding and involvement in LCP
<input type="checkbox"/>	Caring and looking out for each other – we are not an island to ourselves. Have a better voice in the community.

## What concerns you most about maintaining the quality of life in Barnstable?

<input type="checkbox"/>	Traffic
<input type="checkbox"/>	Pedestrian safety
<input type="checkbox"/>	Accidents/safety
<input type="checkbox"/>	Speeds – huge trucks cut through – redirect trucks off of Main Street
<input type="checkbox"/>	(4) crosswalks are not raised/protected, pylons – slow down traffic
<input type="checkbox"/>	Need speed tables
<input type="checkbox"/>	No one stops at crosswalks
<input type="checkbox"/>	Speed of drivers going to elementary school drop-off
<input type="checkbox"/>	Regional traffic solutions
<input type="checkbox"/>	Limited careful development
<input type="checkbox"/>	Need affordable year-round and seasonal housing
<input type="checkbox"/>	Garbage – roadside (nips) and at our beaches
<input type="checkbox"/>	Free stuff on sidewalk (looks bad)
<input type="checkbox"/>	Noise pollution (leaf, etc.)
<input type="checkbox"/>	Changes that will increase density in village and that will increase traffic
<input type="checkbox"/>	<u>Speeding and noise</u> pollutions (motorcycling) – Centerville Beach. Consider installing speed cameras on our roadways and within our parking lots
<input type="checkbox"/>	Cut thru traffic @ Lake Elizabeth including 8-wheelers and impact on private roads
<input type="checkbox"/>	Current construction – impacts and rerouting – stress of being displaced Prefer to travel to Falmouth, not Hyannis, for shopping due to construction and traffic here which also impacts access to schools and local businesses. Need to coordinate enhanced communication for during and post construction notices.
<input type="checkbox"/>	Better communication and transparency from town
<input type="checkbox"/>	Phinneys – trees taken down, impacts on lawn, towers in water, construction impacts to homeowners
<input type="checkbox"/>	Noise pollution worse – early in AM, trucks, landscaping, leaf blowers, drag racing
<input type="checkbox"/>	Work from home – noise, 2-cycle leaf blowers. We need regulations. Priority to limit noise on Sundays.
<input type="checkbox"/>	Enhanced transparency – earlier notice, citizen recourse, enhanced notification of major projects in neighborhoods
<input type="checkbox"/>	Install speed limit signs on side roads and cul-de-sacs
<input type="checkbox"/>	Private roads and obligation to homeowners
<input type="checkbox"/>	Setting priorities, interagency communication, continual metrics, the right people need to be present
<input type="checkbox"/>	Jobs and attitudes, must unite more in some wholesome interest. Housing why so many empty buildings could be used for something and get the homeless off the streets. Covell and Craigville Beach what are they doing digging etc.
<input type="checkbox"/>	Traffic – speed of traffic, trucks and speed and volume of delivery trucks
<input type="checkbox"/>	30 trees, 100’ tall – concern about loss of trees

| <input type="checkbox"/> | <p>The working on roads has been very trying especially near Phinneys Lane people are having hard times to get to work. The men will say you can go thru an area then you get up the road some and you can't get thru. Surprised nothing on cape for Martin Luther King Day there was a breakfast somewhere but that was it. Ways to keep the community together some of my neighbors hardly speak. And the culture needs to unite better. Youth needs more wholesome things to do. The senior center needs community more events for all ages of a community. This cape needs to change its theme of a retirement place.</p>   |
| <input type="checkbox"/> | <p>I felt half the suggestions from residents presented at the meeting should have been heard by our council and town manager. I'm not sure what crosses the line of what's under your division's umbrella. For instance, I just learned this week the council voted unanimously in favor of changing the zoning for Simon properties. A full month after the vote was taken? Their answer of course is "everything's online", the agenda etc. but good luck finding that buried stuff! Town wide speeding, pedestrian, bicyclist safety is paramount and a genuine bonafide dilemma and crises! There needs to be a meeting with the police, council and all stakeholders. I've emailed the Barnstable sergeant in charge of traffic but he is overwhelmed!! This along with the housing shortage is a statewide perpetual issue. I know for a fact the police feel overwhelmed with other more serious issues, understaffed and consider traffic enforcement a nuisance. Try driving the speed limit on old stage road and you get tailgated. We the people [including all of you] who try to be interested, caring, concerned residents are currently spread thin in Barnstable. Wind power, development of Twin Brooks, Jenkins cranberry bog, THE AIRPORT are all taxing us as a community!</p> <p>I attended an airport meeting and we only had 10 residents. Those airport folks are steamrolling along with Mr. Ells blessing? VERY CONCERNING. The airport director speaks out both sides of her mouth stating "we're not Logan" yet the expansion is ridiculous. THE AIRPORT IS EMPTY EVERY DAY I DRIVE THROUGH IT? One resident was right on when he stated the airport was "catering to the Oliguards"! The airport seems to become an airplane gas station. Don't laugh but I think we should close the "gateway airport" and use the 700 acres for housing, which is in dire need and paramount to someone taking a vacation from NY to fly over to the islands. I'm so glad you folks are working with Hyannis Main st businesses who are our town's backbone!</p> |
